## COURT BUSY WITH MOTORISTS; NOW HAVE NEW LAW

Judge Instructs Policemen  
Not to Make Certain Ar-  
rests as Before

A large number of motorists  
appeared before Judge Harold Ide  
Cruzan, in Eagle Rock traffic  
court Saturday, charged with fail-  
ure to give the arm signal when  
making the turn at East Colorado  
boulevard and Eagle Rock road.

The greater majority of them  
pleaded guilty and were assessed a  
fine of \$5.00.

After court was over, his honor  
instructed the motor cops not to  
make any more arrests for this of-  
fense unless there was a car either  
in front or in the rear of the driver  
that could possibly be jeopardized  
by the motorists who failed to give  
the arm signal.

**Tell of Ruling**

Attorneys from the Auto club  
were in court Saturday and in-  
structed the judge of the latest  
ruling on this particular breach of  
the traffic laws.

A motorist, upon making a turn  
is supposed to look behind him,  
and should there be a vehicle in  
the rear within a reasonable dis-  
tance, he must make the arm sig-  
nal, but should there be no vehicle  
either behind or ahead of him, it  
is not necessary to give the arm  
signal in making the turn, it is  
declared.

W. N. Duncan, who works in  
the barber shop at 108 East Colo-  
rado boulevard, Eagle Rock,  
pleaded "not guilty" to the charge  
of speeding, and operating his car  
without an operator's license.

He demanded a jury trial, and  
bail was fixed at \$500.

**Must Give Bond**

After court was over, the judge  
informed Duncan that it would be  
necessary that he have two prop-  
erty owners sign his bond, or to  
put up \$500 cash.

Duncan left the court room and  
presently returned with J. B.  
Brown, president of the Eagle  
Rock realty board. Mr. Brown  
qualified by listing a \$15,000  
ranch, but it was necessary that  
Duncan secure another bondsman.

Duncan again went out to find  
the second bondsman, but returned  
in a half hour, stating that he was  
unable to get anyone else in so  
short a time to go his bond.

**Waives Jury Trial**

Realizing that it was impossible  
to get the other signer to the bond  
in the time prescribed by the court,  
he waived his former demand for  
a jury trial and agreed to a trial  
by court.

He was fined \$50, the largest  
fine levied in police court for over  
three months.

When Judge Cruzan called the  
case of Herbert Witmer, who was  
found guilty, September 16, on a  
charge of vagrancy, and on whom  
sentence was to have been passed  
Saturday, he was not in court.

A telephone call to the office  
of his attorney brought the infor-  
mation that the attorney repre-  
senting Witmer was out of the  
city, and the judge continued the  
case until 2 o'clock Monday after-  
noon, at which time sentence will  
be passed.

Witmer is out on \$500 cash bail.

## PLAYERS PREPARE TO OFFER FIRST PRODUCTION

'Man From Mexico' Will Be  
Presented In November  
at Eagle Rock

Preparations are under way by  
the Community players of Eagle  
Rock to stage early in November  
a musical farce-comedy, that it is  
claimed will outshine anything  
ever before attempted.

The "Man From Mexico" is to  
be the first vehicle.  
Judge Harold Ide Cruzan, who,  
before taking up the law as a  
profession, was an actor and play-  
wright of note, is entirely re-  
writing the play to change it from  
a farce to a farce comedy.

A big chorus is essential, and  
every lady and gentleman who  
feels so inclined, is invited to get  
into connection with Mrs. J.  
B. Squire, 226 North Highlands  
avenue, who has this particular  
feature in charge.

Mrs. E. C. (Sally) Jones of  
Men Chateau, 418 South Douglas  
avenue, is to personally direct the  
chorus.

Mrs. A. R. Rose is in charge  
of the music, and Mrs. Elgie  
Lowry Fischer will direct the  
dramatics.

A chorus of about 20 girls, and  
a chorus of the same number of  
men, together with a children's  
chorus taking selections adapted  
from "Sinbad the Sailor," "The  
Prince of Pilsen" and "Cinder-  
ella" are to delight the audience.

While no definite arrangements  
have as yet been made as to  
where this performance will be  
staged, it is expected that the new  
theatre, if completed in time, will  
be the place chosen.

Standard Oil Employees On

Picnic at Eagle Rock;

Many Races, Prizes

John D. Rockefeller gave a pic-  
nic Saturday afternoon in Eagle  
Rock park. However, he was not  
there, but just about every other  
member of the Standard Oil com-  
pany in this section of Southern  
California was present, and had  
a wonderful time.

It was the Standard Oil's big  
annual barbecue and picnic. It  
commenced at 1 o'clock in the af-  
ternoon and continued until almost  
midnight.

Every kind of a race imaginable  
was run, and every sort of a con-  
test, even including a mail-  
driving contest for ladies, was  
staged by the committee in  
charge.

Many prizes were awarded, sev-  
eral of which were \$25 cash to  
the winners.

**Important Matters**

**for Board Meeting**

The board of trustees of the  
city of Eagle Rock will hold their  
regular meeting tonight, at which  
time many important matters are  
expected to be presented to the  
board.

It is known that Claude Bran-  
ble, city marshal, will present to  
the board for their approval, the  
names of three new police officers  
to take the places made vacant by  
the resignation of Officers Kast,  
Keniston and Arnold, who quit  
the police force last Monday  
night.

It is declared that the petitions  
that have been in circulation, to  
call upon the board to call a gen-  
eral election on the proposition to  
annex Eagle Rock to Los Angeles,  
have already the required number  
of signatures, and may be pre-  
sented to the board tonight.

**SOLDIERS FIGHT FLAMES**

SEATTLE, Sept. 25.—Soldiers  
from Fort Worden and crews of  
fire fighters are battling a forest  
fire today at Discovery bay which  
threatens to destroy the water  
system of Port Townsend.

**If You Walk Well**

Step it off, folks. Hurry in  
your answers as to how many  
steps your favorite merchants'  
stores are located from the fire  
hydrant in front of the Glendale  
branch, Security Trust & Savings  
bank.

Remember the one nearest  
right gets \$15 in cash. There are  
more than a score of other prizes.  
If you use care you are almost  
bound to win.

'On the High Seas' and  
'The Masquerader'

These straight wins in a row is  
the record hung up by the newly  
organized Eagle Rock base ball  
team.

Starting Saturday afternoon the  
local boys trimmed the crack Los  
Angeles Eastern Outfitters' club to  
the tune of 7 to 6.

Sunday they played a double-  
header with the Los Angeles Ser-  
vice Co. team. Osage, the Service  
company pitcher, blew up in the  
first game and at the end of nine  
innings the score stood 20 to 4 in  
favor of the Eagle Rock boys.

In the second game, the visitors  
put Pitcher Land on the mound,  
and he had worse luck than Osage.  
Eagle Rock garnered 26 hits off  
of him, and the final score stood  
28 to 4.

Manager Clark of the Eagle  
Rock boys promises another game  
next Saturday and Sunday.

**Arrest Guy Bates Post**

Guy Bates Post of movie fame,  
and one of the stars of the United  
Studios, drove through Eagle  
Rock about 12 o'clock Sunday  
night at an alleged speed of forty-  
two miles per hour.

Speed-cop Harry Williams  
booked him to appear before  
Judge Cruzan Friday, Septem-  
ber 29.

Two previous offenders who  
have been charged with a speed  
of over forty miles an hour that  
have appeared before his honor  
within the past few weeks have  
been sentenced to the county jail.

**Shot Quail, Claim**

H. J. Neilson, residing at 727  
South Central avenue, Eagle Rock,  
was arrested yesterday in Upland  
charged with shooting quail out  
of season.

Mr. Neilson informed City Mar-  
shall Claude Bramble that when  
the officer arrested him in Up-  
land yesterday, he had been shoot-  
ing, but had no quail.

Bramble advised him that to  
obtain a conviction the quail  
would have to be offered in evi-  
dence.

Mr. Neilson left this morning  
for Upland to answer to the  
charge.

**Count Straw Votes**

The straw votes on the annexa-  
tion proposition in Eagle Rock  
are starting to come in, according  
to Milton T. Hancock, who is  
sponsor for the taking of the  
straw vote on this most important  
question.

On his bulletin board this  
morning, the result of the first  
day's count is given.

These figures show that ten are  
opposed and eighteen are in favor  
of the proposition.

Asked as to his opinion as to  
how long it would take to con-  
duct the vote, Mr. Hancock stated  
that he believed it would take at  
least a week or ten days.

**PAPERS REFUSED  
TO SOME ALIENS**

Those Who Avoided Service

In U. S. Armed Forces

Are Made Examples

WASHINGTON—Refused final

citizenship papers by Justice Bal-  
dry of the District of Columbia Su-  
preme court, seven aliens are pro-  
testing at being the first example  
of unsuccessful applicants for any  
other reason than failure to pass  
the required examination.

The men were shown to have  
used their citizenship in other  
countries as a means of avoiding  
service in the United States armed  
forces during the war, and it was  
proved that none of them served  
in the countries of their origin.

The judge held that men who  
would serve neither their own  
country, because of residence in  
this, nor this country, because of  
citizenship in other countries,  
were not fit to become citizens of  
the United States.

Legislative comment on the ac-  
tion of the judge has been very  
favorable, and some senators have  
pointed out the importance of  
other jurists taking equal care  
and pains in granting final citi-  
zenship papers.

**Quote From Report**

In this connection, quotations  
have been made from a report of  
the house of representatives com-  
mittee on immigration and natu-  
ralization which show the im-  
portance of safeguarding citizen-  
ship in the United States. Ac-  
cording to the report, a survey of  
460 state institutions, with a to-  
tal of 210,855 inmates, found  
that 21.4 per cent of this fifth of  
a million inmates to be of foreign  
birth, and 44.09 per cent either  
of foreign birth or having at least  
one parent of foreign birth. Insti-  
tutional management thus de-  
votes at least one-third of total  
expenditures to the foreign stock  
which has arrived in the United  
States within this generation. If  
the states on the average spend 21  
per cent of their total revenues for  
maintaining inadequate, about 7  
per cent of the total revenue is  
spent in caring for degenerate  
and dependent foreign human  
stock.

## FAITH, SUBJECT SUNDAY SERMON

Rev. C. M. Calderwood in Preaching, Tells How to Better World

"We are living in a day of mental confusion," exclaimed the Rev. C. M. Calderwood yesterday morning in Odd Fellows' hall at the services of the Congregational church.

"There are wars and rumors of wars," he continued. "There are strikes and industrial conflicts. There are startling inventions and novel hypotheses. Many books and voices are giving us different solutions for our problems. Many people are bewildered. There is much confusion."

"The church does not escape this confusion. It is natural that there should be changes in Christianity. The truth of Christ remains the same but the interpretation of that truth for different ages and different conditions must necessarily differ. Many old doctrines have been discarded. The church is laying more and more emphasis upon the vital things of religion. But there is a vague impression that there is confusion and the average man does not take the time to find out whether all of this impression of confusion has a good foundation."

"The world will not be made better until men have more faith, till they believe more in the faith."

## Teaching Policemen Rules of Courtesy

CINCINNATI, O.—Because of complaints made regarding the manner used by traffic and other policemen in their dealing with the general public, Safety Director Charles E. Tudor has announced that he is considering the establishment of a "courtesy school" for policemen.

"Some members of the force need to be helped over the idea that persons they address must be treated as potential criminals," he said.

erhood of God and in the solution for world problems that Christ proposed.

"The church militant will never win victories until its members learn to defend themselves against those who are against Christ and the church."

"Our New Testament tells us that faith is a matter of cardinal importance. Jesus began and ended His ministry by laying emphasis upon faith. He did mighty works because of faith. And sometimes he could not do mighty work because of the lack of faith on the part of the people."

"Faith is not something mysterious. Faith is belief in the evidence of testimony and it is more than that—it is trust. Faith is necessary in all life. The man of business exercises faith in buying and selling. The scientist has faith before he acts."

"If we believe, then all things become possible. If you believe in Christ's divine power, then try Him."

## ANNIVERSARY IS OBSERVED HERE

Luther's Bible Translation Is Four Hundred Years Old, Members Told

The four hundredth anniversary of Luther's first translation of the Bible was observed yesterday at the First Lutheran church.

"The Anvil of God's Word" was the title of the morning sermon.

"The Lutheran church numbers in her fold the most profound theologians in the world," declared Dr. H. C. Funk. "She was born in a university yet her faith, as expressed in her hymnology and liturgical gems of devotion, is as simple as a child's. These rites, ceremonies and festivals are essential to the development of our religious life."

"In our recent studies of the children of Israel in the Bible school we learned that in the re-establishment of the people the erection of an altar and rebuilding of the Temple were given the first consideration."

"I am told that in a certain Russian palace there are 850 portraits of beautiful maidens. These paintings were executed by Count Rotari for the empress, Catherine the Second. This eminent artist traveled through 50 provinces to find his models. When the work was completed the discerning eye noted that each portrait contained some delicate reference

## RECORDS SET BY BAPTISTS ON RALLY DAY

Pastor Delivers Inspiring Message to Flock; 50 Pupils Graduate

Records were broken for attendance at every service at the Baptist church yesterday. Every available space was filled at the Sunday school hour. The men's class had more than one hundred present, and all classes were up to or above enrollment. Fifty of the pupils were graduated from one department to the next higher.

The pastor, Ernest E. Ford, preached a rally day sermon, and the choir sang rousing songs. Mr. Ford said, among other things:

"Rally comes from two Latin words, re ally; we are back from the summer vacation; the children have heard the rally cry of the schools; we of the church want to join forces again under the command of our Captain, and go forward to larger victories than ever before. The world seems in chaos; politically, financially, socially and religiously; what is the solution of the tangled problem? The greatest statesmen of the world say that they see no hope except it come from the Man of Galilee. There are two great principles that should fill the horizon of our thinking: First, that Christ is the only power that can settle the differences between men and nations. Second, that Christ uses human agencies to do His work in the world; not 'what can I do for Jesus, but what can Jesus do with me'."

"Remember Others" "Men have ever differed over the truly great and near great. The disciples of our Lord strove among themselves who should be greatest in the Kingdom. That wonderful teacher called a little child and said, 'Whosoever would be great let him be as this little child. The biggest folks in the world are those who forget themselves and remember others. The man who makes much of himself is sure to make light of others. A man wrapped up in himself makes a mighty small bundle. The church is an institution organized to serve."

"There are two rallying points according to the text, Matt. 18-19, 20. 'Where two or three are gathered in my name, I will be there and if He bids us arise and build together, we rally to something. We'll rally around the flag, boys.' So we of the church are to rally to the flag of Immanuel. Let Him be our Commander; put Him in the midst, not only in our church life, but in our school and in our work and play. This is a real rally cry: Gather in one body, a united band. Then listen to the voice of the Captain, our great Christ as He bids us 'Go Forward.' The year is before us. Christ never leads but to victory. Let us as never before gather together in His name, and listen very carefully to His words of command; and if He bids us arise and build together, we rally to something. For where even two agree as touching any thing, and I am in the midst, it shall be done for me of my Father which is in heaven."

"Saturday Night." There is something mystic about those two words. In Glendale it means the biggest part of a week's business. It gives the residents a chance to get acquainted.

There have been too many "politics" played since Hiram Johnson broke the old Southern Pacific machine which was a millstone around the people's necks. There have been too many weaklings elected to office, but a change is coming and the country editors, such as those meeting in Los Angeles today, are going to burden the responsibility of seeing it through. Richardson is their man.

It is interesting to note the Los Angeles newspapers now advocating the formation of a metropolitan sewer district. More than six months ago The Glendale Evening News carried the following statement:

Formation of a sanitary district to include the larger part of Los Angeles county will be the final solution of the sewage problem faced by eighteen cities in the San Gabriel watershed."

Mayor Spencer Robinson says that this will be an accomplished fact by 1927, that annexation will not be necessary and that the city of Glendale will play a big part in pushing the work to completion.

Certainly this city is a big factor in affairs, but there is one thing that must be settled soon and that is the Pacific Electric rate question. All should unite in giving another car line to this city for that will serve as an opening wedge to getting a "fare" deal.

Returning East After Visiting Glendale Mrs. A. P. Higley and son and daughter, Jack and Mary, who have been summer guests at Mrs. Higley's mother, Mrs. L. G. Parker, of 334 West Lomita avenue, left last night for their home in Cleveland, Ohio.

Dr. Higley accompanied his family to California, and was a guest at the Parker home until last week, when he returned to Ohio. He is pastor of the Euclid Avenue Presbyterian church in Cleveland, and his pastoral duties prevented his waiting for his wife and children.

During their visit in Glendale the daughter, Mary, was seriously ill for several weeks, but her health had improved greatly before they left yesterday.

PHOTOGRAPHS DOCUMENTS Apparatus has been designed for photographing valuable documents and records on films like those used for motion pictures, that can be stored in small space in fire-proof vaults.

Gasoline is produced by "cracking" heavier oils. The Burton process for this production yielded in 1921 a daily average of some 2,000,000 gallons.

Is the matter of temperament in religion we occupy the position of a golden mean. A good Lutheran may have all the warmth of the most ardent Methodist, the staid high church character of the Episcopalian; and, in addition, he may enjoy a beautiful spirit of true devotion that is peculiarly our own."

## COMMENT THAT'S ALL

Richardson Will Do It Responsibility on Editors Suburban Saturday Nights Glendale a Big Factor

By Gil A. Cowan

FRIEND WILLIAM RICHARDSON deserves a Carnegie medal for bravery in ignoring the Republican state central committee.

As Republican nominee for governor he is "going it alone" with the aid of his editor friends, because there is going to be a political housecleaning at Sacramento next spring.

Not only is Richardson right, but he is establishing a precedent in California by breaking the back of any machine which dares dictate to the people's choice.

Hiram Johnson has long ignored the Republican committee, fighting his own fight, and undoubtedly he silently applauds Friend Richardson's action, although the metropolitan newspapers would have the public believe otherwise.

The newspaper men of California, who so loyally supported Richardson in the primaries, will see that he is victor in the final election in order that the government of this great state shall maintain the American principle, "of the people, by the people and for the people."

As individuals the majority of the state central committee will support Friend Richardson, for they realize the beneficial results to be obtained. Many of them admit, especially those from the southland, that the state committee means little other than the division of the spoils.

And the spoils have gone principally to those politicians who deliver the most votes. And that meant the San Francisco contingent which with several singular exceptions has swung every election.

Southern California should stand solidly behind Richardson and see the Market street machine wrecked beyond repair. Richardson will do it, too.

The day of the political boss is passing. The crooked publishers whose support can be bought have been caught once too often. California is taking the measure of the man today and he must serve the people first and last. So must a newspaper. So must a business.

There has been too much "politics" played since Hiram Johnson broke the old Southern Pacific machine which was a millstone around the people's necks.

There have been too many weaklings elected to office, but a change is coming and the country editors, such as those meeting in Los Angeles today, are going to burden the responsibility of seeing it through. Richardson is their man.

"Saturday Night." There is something mystic about those two words. In Glendale it means the biggest part of a week's business. It gives the residents a chance to get acquainted.

Everyone seems to make for the markets on Saturday night. It is the holiday of the week. It is an American institution. There is hardly one of us who doesn't observe Saturday night by buying something, seeing some show, mixing with the crowd and otherwise enjoying the evening.

There are several suggestions for Saturday Night in the suburb, however. One is that all stores remain open. Another is that the banks have receiving tellers on duty. It can be done.

It is interesting to note the Los Angeles newspapers now advocating the formation of a metropolitan sewer district. More than six months ago The Glendale Evening News carried the following statement:

Formation of a sanitary district to include the larger part of Los Angeles county will be the final solution of the sewage problem faced by eighteen cities in the San Gabriel watershed."

Mayor Spencer Robinson says that this will be an accomplished fact by 1927, that annexation will not be necessary and that the city of Glendale will play a big part in pushing the work to completion.

Certainly this city is a big factor in affairs, but there is one thing that must be settled soon and that is the Pacific Electric rate question. All should unite in giving another car line to this city for that will serve as an opening wedge to getting a "fare" deal.

Returning East After Visiting Glendale Mrs. A. P. Higley and son and daughter, Jack and Mary, who have been summer guests at Mrs. Higley's mother, Mrs. L. G. Parker, of 334 West Lomita avenue, left last night for their home in Cleveland, Ohio.

Dr. Higley accompanied his family to California, and was a guest at the Parker home until last week, when he returned to Ohio. He is pastor of the Euclid Avenue Presbyterian church in Cleveland, and his pastoral duties prevented his waiting for his wife and children.

During their visit in Glendale the daughter, Mary, was seriously ill for several weeks, but her health had improved greatly before they left yesterday.

PHOTOGRAPHS DOCUMENTS Apparatus has been designed for photographing valuable documents and records on films like those used for motion pictures, that can be stored in small space in fire-proof vaults.

Gasoline is produced by "cracking" heavier oils. The Burton process for this production yielded in 1921 a daily average of some 2,000,000 gallons.

Is the matter of temperament in religion we occupy the position of a golden mean. A good Lutheran may have all the warmth of the most ardent Methodist, the staid high church character of the Episcopalian; and, in addition, he may enjoy a beautiful spirit of true devotion that is peculiarly our own."

## TELLS STORY OF CALVES IN BARN

'The Religion of Joy,' Topic at Central Christian Church Sunday

"The Religion of Joy" was the topic of the sermon yesterday morning at the Central Christian church.

"I once saw in the country a barn with a dozen calves in it, from a few days to four weeks old," remarked Rev. C. A. Cole. "They had never seen the outside of their dingy stable with its coarse straw under their feet and little light. This was the only world that they had ever known. The day came when they were to be put to pasture."

It was a splendid day, sunny, warm and clear. From the door of the barn to a stream stretched acres of green living carpet. Hills on the other side of the stream were clothed in spring verdure and bathed in brightness. Everything was tempting and wonderful. What a new world for those dumb creatures.

"When the door opened the calves hid in the corner. They had to be driven and pushed out. Then they hobbled and pushed out. They expected the carpet of green to cave in under them. When well out from the barn, they stood there like statues utterly dumfounded. I watched. Would they ever respond? At length one kicked a hind foot and then another gave a jump. Life was getting into them. Slowly the bunch began to move till at length there was such kicking and scrambling and diving and jumping as one never saw only with such a bunch of calves."

Found Them Themselves "What had happened? They had found themselves. They had discovered their environment. They had realized the life for which they were made."

"I haven't come to speak about calves, but about men and women. Not about the joys of the green pasture, but about the joys of Christianity. The thought has been weaving its spell upon me, that, when we are once awake to our spiritual environment, we are bound to recognize it and respond to it. That, when we have found ourselves, we shall rejoice."

"We may prefer the barn to the pasture, the world to the church, being confined within the walls of our own self than the endless field of service for men. We may view with suspicion all that we have never experienced. But when we have yielded to the better impulses and caught a glimpse of the hills from whence comes our help, and have tasted the waters and bread of life, when we find ourselves, we shall be happy."

Sounds are diverted and lessened during rain. That is because the falling rain "twists" the sound waves from their course.

## FASHION CENTER HOLDS OPENING

Glendale Women Interested in Many Displays at New Store Here

The artistically finished store-room at 202 South Brand boulevard, in the new Monarch building, presented an ideal setting Saturday afternoon for the opening of Glendale's new "Fashion Center," specializing in women's wearing apparel, selected and arranged by the proprietors, M. J. McKinnon, R. L. Dines and Misses Emma Heitz and Minnie Hapke.

Platinum gray prevails in the finishing of the new room and the most pleasing modern arrangements are used in displaying the stock of the various sections. In addition to the interior—are the ample window spaces, where tempting things straight from New York City were shown for the opening Saturday.

The doors of the new store opened at noon, and by 2 o'clock there were guests going and coming and the interior of the shop presented a real business atmosphere.

Glendale women who visited the shop were plainly interested in the stock displayed, and instead of standing on ceremony for the opening event, employees were most gracious in answering questions and assisting prospective buyers in selections and fittings.

With wide experience as a background, the proprietors of the business in Glendale, M. J. McKinnon will be the buyer of women's coats, suits, dresses, blouses, sweaters and petticoats. R. L. Dines is advertising and display manager, while Miss Heitz will be buyer for hosiery, silk and underwear, negligees and boudoir caps, and Miss Hapke will preside over the millinery department.

In formally greeting the Glendale shoppers, the proprietors of the "Fashion Center" have announced as their policy, "The very latest at popular prices."

Barrel Seat Cause of Truck Accident

SUMMERVILLE, Va.—If you are going to ride on a truck loaded with goods, don't sit astride of a barrel. A. B. Morrison, well-known resident of Summersville, tried it the other day and as a result he is laid up at his home with a broken collar bone and a badly lacerated head. When the truck started around an uphill curve the barrel rolled and threw him violently to the rocky road.

The art of using moderate abilities to advantage often acquires more reputation than real brilliancy.

## ISRAEL'S TRIBE WAS UNFAITHFUL

Rev. Preston Speaks on 'The Lost Tribes' at the Pacific Methodist

"The Lost Tribes" was the topic of the sermon yesterday morning at the Pacific Avenue Community Methodist church.

"The tribes of Israel were flagrantly unfaithful," remarked Rev. Harley G. Preston. "They rejected the prophecies and killed the prophets. The hope of Israel still lingered here and there in lonely places, but the nation had so far abandoned it that, when Christ appeared, they were ready to crucify Him."

"Do you say, 'That is ancient history?' Then let us bring it up to date. 'History repeats itself.' The thing that has been, shall be."

"One of the postulates laid down by Euclid in his review of universal history is that nations, like individuals, have their birth, childhood, adolescence, youth, manhood, old age and death. Whether or not this is inevitable remains to be seen, but certain it is that the pathway of history thus far has been lined with the ruins of thrones and dynasties that rose, flourished and tottered to their fall."

"Are we to add one more to the graves of lost? If nations are but parts of responsible units, then let us repeat: 'The nation that sinneth, it shall die.'"

God of Israel "The God of Israel is our God. We have the same Bible that Israel had and more. The law and the prophets are ours, plus the New Testament. And the Covenant of Israel is ours also. As a Christian nation, we are under bonds of loyalty to Christ, and these are the bonds of the church."

"The World war left us with a national debt that staggers imagination, but the church in America rests under an obligation that cannot be expressed by the widest stretch of the imagination in gold and silver."

"Go up and possess the land," saith the Lord, "every place that the sole of your foot shall tread upon, that have I given unto you."

"God save us from insolvency! The church's great asset is the Bible, in which Christ is enshrined as the hope of nations and the children of men. A church that has lost faith in its oracles is hopelessly bankrupt."

"The church is the saving factor in our national life. For what we have already received may we be truly thankful."

FRANCE'S COAL DEPOSITS France is estimated to contain more than 13,000,000,000 tons of good coal at depths of not more than 4000 feet, and more than 4,000,000,000 more tons less than 2000 feet deeper.

## Diet and Health

By Lulu Hunt Peters, M.D.  
Author of "Diet and Health, with Key to the Calories"

### HOW ABOUT A HEARTY BREAKFAST?

Recently the Medical Review of Reviews sent out a questionnaire to physicians all over the country asking their professional opinions on the subject of a hearty breakfast for persons in sedentary occupations. It seems that 73 per cent of the physicians questioned believed a substantial breakfast, followed by a light lunch and a heavy meal in the evening, was conducive to better mental work.

One of the officials of the Medical Review tells me that most of the letters were sent to members of boards of health of the various states, and to physicians who specialize in dietetics. I think I can safely say, then, that the 27 per cent who did not agree to the hearty breakfast for sedentary workers must have been those physicians who have specialized in the study of dietetics and therefore should be in a position to know more about the subject than those who have not. You can see from this remark where I stand on the subject.

In an editorial in the New York World this was said: "It is only common sense that the intellectual worker needs as much food as the manual worker. Writing a law brief stimulates the appetite, quite as keenly as a round of golf. The plan of a hearty breakfast and a light luncheon is exactly contrary to Continental practice. But the point for special remark is the return of the traditional American breakfast to its old status. Expert medical opinion took it away and expert medical opinion now restores it, to most people's satisfaction."

As this editorial probably expresses the reaction of very many others to this questionnaire, I am going to point out the fallacy in it. It is not "common sense" that the intellectual worker needs as much food as the manual worker. It is because of this fallacious reasoning that three-fourths of our adult sedentarily occupied people are overweight.

It has been proved that the hardest mental work requires very little more nourishment than if one were idle. The old chap who always sits outside his door, day by day, and on being questioned how he occupied his mind during that time responded: "Sometimes I sets and thinks and sometimes I just sets" does not need any more food when

he sets and thinks than he does when he just sets.

Of course if, combined with the sedentary work, there is a goodly amount of physical exercise indulged in, that gives a different aspect to the case. But the majority of sedentary workers get very little exercise.

Some years ago Dr. Edward Dewey started the practice of going without breakfast. He published a book on the No-Breakfast plan which gave the results of his observations that going without breakfast was beneficial. Very many individuals adopted this plan and were remarkably improved in health in consequence.

Believe it or not, however, that they were improved in health not because they went without their breakfasts, but because going without breakfast cut down their daily consumption of food. While it is not true that everybody overeats, we have strong evidence to the fact that the majority of sedentary workers do.

Breakfast seems to be the easiest meal to omit. As a rule the evening meal is a hearty meal. During sleep this food is not utilized and there is usually enough energy remaining from it to supply the morning energy.

I believe this question of the breakfast depends largely upon the total amount of food consumed during the day. For those who are overweight, those who belong to the vast F. F. F. you know, the Friendly Fat Fraternity—I believe that a breakfast consisting of no more than 100 calories is the best plan.

Dewey did advise the usual cup of coffee. I find that I do not get any hunger with simply a cup of coffee with some cream in it than I do if I have a slice of toast also.

The whole question, to my mind is a question of individual preference. If you like a hearty breakfast, and do not eat during the day more than you should for your activities, then it is all right for you to have that hearty breakfast.

My preference is for a very light breakfast, a moderate lunch, some fruit or a cup of tea at tea time, and a moderate sized dinner. I find that I do better work on this plan.

## Washington Woman, 70 Years Old, Head Recognized Law School; Fought Against Great Odds to Obtain Right to Practice

Once School Teachers, Gains Law Education, Secures Highest Honors

By J. L. MEDVEDOFF  
By International News Service.  
WASHINGTON.—To Miss Emma M. Gillett, dean of the Washington College of Law, goes the distinction of being the only woman in the United States at the head of a recognized law school.

Although she is seventy years of age, Miss Gillett still is active in the law profession here. The story of her rise to the position she now holds is one of perseverance and the go-get-there spirit.

Miss Gillett was born in 1852 at Princeton, Wis. Her father died when she was only two years of age. Her mother then moved to Pennsylvania, where Miss Gillett embarked upon her schooling, attending public and private educational institutions until 1867, when she entered the Lake Erie seminary, at Painesville, Ohio. Miss Gillett graduated from this school in 1870, several days prior to her eighteenth birthday.

Following her graduation Miss Gillett entered the teacher's profession, harboring in the meantime a strong desire to study law. Inspired by the success of Mrs. Belva A. Lockwood as a lawyer in Washington—who, incidentally, was the first woman to argue a case before the United States supreme court—Miss Gillett deserted her teaching position to come to Washington to study law.

But upon reaching the national capital Miss Gillett learned that the university from which Mrs. Lockwood had received her degree had barred its doors to women. Undaunted by this setback, she began the study of law under the tutelage of Mrs. Lockwood, later entering the law department of Howard university, at that time the only law class available to women.

After several years of intensive study Miss Gillett finally realized her most cherished ambition when, in 1883, she obtained her degree and was admitted to the bar.

Equal Rights Advocate  
A strong adherent of women's rights and a firm believer in making the opportunities open to men available to women, Miss Gillett established a law class for women in 1896, with only three students. Two years later, however, the Washington College of Law was incorporated as an institution of learning, and today it bears a nationwide reputation, attracting to its classrooms students from all sections of the country.

Miss Gillett also has the distinction of being the first woman to receive an appointment as a notary public from a president of the United States. In 1881 she received such a commission from President Garfield, and it was renewed by each succeeding president until a few years ago, when she voluntarily relinquished it.

Miss Gillett today is the senior woman lawyer in "votable D. C." and is vice-president of the American Bar association for the District of Columbia.

CLEARING CONGESTED PORES

There is no more discouraging experience than to look in the mirror at yourself day after day and see the reflection of an oily skin and coarse, large pores making tiny dark disfigurements all over the face.

I should like to talk a great deal on this topic of congested pores. You must know the subject thoroughly or you had better not know anything about it at all; for, if you read only a little about the condition of the skin, you will become hopelessly discouraged. If you read, for instance, that pores (that is the tiny tube which has its open end on the surface of the skin) extends a quarter of an inch and sometimes more than that, through the various layers of the skin you will certainly despair of ever clearing so congested a canal. You will be particularly discouraged if you have ever tried to squeeze out blackheads and have seen the length of the hardened matter which comes out like a worm.

It does take a long time to clear a complexion full of these congested pores. There is no lightning quick way, drastic measures, in fact, will do harm rather than good. Realizing that each pore is of great length you must attack not only the end where it shows up on the surface but the beginning of it as well, which is deep in the layers of skin. In other words, you must clear up the digestive or other internal trouble that has first clogged the pores while, at the same time, you cleanse from the surface of the skin.

A gentle steaming every day, or every few days, will help you to do this.

Poor Child—At 19 years, height at 122 pounds is normal. Your only difficulty, I would say, is the result of a bad choice of foods which has clogged your system. There is a possibility that this trouble with your feet comes from this. Eat fewer sweets and drink more milk than you do. Substitute whole wheat bread for that made from white flour. Learn to breathe deeply and your chest

will fill out, while the improved diet will clear your skin.

Ta Ta—Bleach the tan from the skin by using lemon juice or that

scrap indicate an unhealthy condition, which can often be overcome by stimulating the circulation through a daily vigorous massage.

Anxious—Any increased tendency to grow hair did not come from using peroxide. Your peroxide must have been stale if it failed to bleach.

Tomorrow—Answered Letters  
All inquiries addressed to Miss Forbes' department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor, Protected by George Matthew Adams.

## They Say That

Of great interest is the announcement that four great motion picture figures are arranging for the distribution of their films in the Orient. Europe already has been organized by them for dissemination of American films. From headquarters to be established in Tokyo, pictures made by America's most renowned stars will be sent all over Asia.

The photoplay speaks a universal language. All over North America; in Central America; in South America; in Europe; and now in the Orient, and in the islands, of the sea, may be seen the Mary Pickford smile, pout and curls; the Douglas Fairbanks gymnastic glimmers; the Charlie Chaplin walk and cane-twirling; the weird, mystic, thrilling crea-

tions of David W. Griffith. Other famous stars, too, speak to this far-flung concourse of humanity in both hemispheres.

This world-wide vogue of American-made pictures lends a dignity to production and should be inspiring to great artists of the screen. It should prompt them to give of their very best, so that America, its art and its ideals, may be interpreted creditably and faithfully to the world.

TO RENEW POWER  
English inventors of a storage battery driven electric truck have equipped it with poles with which it can renew its charge of electricity from overhead wires of street car lines.

### A DANGEROUS DRUG

There are certain appetite producing drugs which, as everyone knows, only a person with a doctor's certificate is allowed to administer.

I almost wish it were possible to forbid in the same way the administering of the heart medicine sympathy, by any but those who understand the human heart well enough to administer it wisely.

Medicine If Wisely Administered  
For sympathy is a spiritual medicine. Administered in just the right way, at the right time, and in the right quantity it is a heart medicine of the highest order. It stimulates the tired heart, it gives courage and hope. But sympathy also has the properties of a drug in that if it is given unwisely or too often it starts an appetite. And an appetite almost as harmful to the character as the craving for drugs.

Self-pity is one of the worst stages of mind into which one can get. Self-pity enervates character; it makes people look at life through blue glasses; it breaks up homes, because if people get to pitying themselves too hard they are sure to have no pity on others. Now unwisely administered sympathy often has the effect of getting people into this self-pitying state of mind.

Almost Any Home Could Be Broken Up  
I don't believe there are many couples so happy they couldn't

be set at loggerheads by a friend (?) who knew how to administer sympathy in just the wrong way.

Such a friend can take a contented wife and pity her because she has to work so hard, because her husband is not willing to go to dances, because she has to have her mother-in-law visit her twice a year, because her husband expects her to keep account of the money she spends and because she has to live in an unfashionable part of the town—all things that have hitherto seemed to her reasonable and justified—work her up into such a state of self-pity that she loses all sense of proportion and feels a sense of grievance toward her husband.

Naturally he is going to resent that. The wedge has been entered, and if the friend keeps on administering sympathy at the psychological moment she may be able to bring about serious trouble.

Carless Sympathizers Pave a Well Known Road  
I have sometimes known people who seemed to give sympathy in a deliberately mischievous spirit. They are rare, of course, but people who give sympathy carelessly are legion. They mean to be kind but they supply a good many of those well known paving stones.

Almost every human being is sympathy greedy by nature. It is a greediness one needs to control in oneself and to beware of in others.

Fruit  
Dinner (Vegetarian)  
Cream of Carrot Soup  
Nut Loaf—Tomato Sauce  
Mashed Potatoes—Peas  
Lettuce Salad  
Raisin Pie  
Coffee

Vegetable Omelet—Make a white sauce, using two tablespoons butter, two tablespoons flour, one cup milk, one-half teaspoon salt and one-fourth teaspoon pepper. Have one cup cooked vegetable (such as peas, asparagus, etc.) add to the hot white sauce. Make an omelet, using well-beaten yolks of four eggs, one teaspoon salt, few grains of paprika and two teaspoons flour diluted with two teaspoons milk, then folding in the stiffly beaten whites of four eggs. Pour into a buttered omelet pan and cook very slowly until firm. Add some of the creamed vegetable, then fold and turn on a hot platter. Pour the remaining creamed vegetable around the omelet and serve.

Corn Oysters—Drain one cup of canned corn; place it in a bowl and add one-half teaspoon salt, one-fourth teaspoon pepper, one-half teaspoon baking powder, two eggs, three tablespoons flour and three tablespoons cold milk. Beat thoroughly. Put four tablespoons of lard or other cooking fat in frying pan and heat it; then drop corn mixture from tablespoon into it in oyster shape and gently cook for three minutes on each

side. Lift with skimmer, drain and serve hot.

String Bean Salad—Marinate two and one-half cups cooked string beans and arrange on a bed of crisp water cress. Cut five hard-boiled eggs in slice crosswise and arrange around beans. Place a small spoonful of mayonnaise on each slice and sprinkle all with finely chopped chives.

Bran Muffins—Mix and sift one cup flour with two teaspoons baking powder, one teaspoon salt, add two cups bran, one and one-quarter cups milk, one-half cup molasses and one egg well beaten. Beat thoroughly, turn into well-greased muffin pan and bake in hot oven twenty-five to thirty minutes, according to size of pans.

Nut Loaf—Put two cups of hot mashed potato in a bowl and add one cup of very finely chopped English walnut meats. Beat two eggs and add two tablespoons milk, two teaspoons salt, one-eighth teaspoon pepper, one-fourth teaspoon grated nutmeg and mix with potato, mixing all well together. Put into a Turk's head or baking pan, which has been well greased, and bake in hot oven from 39 to 40 minutes. Serve with cream sauce.

Raisin Pie—Pour boiling water over one and one-half cups seeded raisins and let stand fifteen minutes, or until cool; drain and mix with three-fourths cup sugar, one-half teaspoon salt and two tablespoons flour. Turn mixture into a pie pan lined with good pastry, sprinkle with three tablespoons lemon juice add grating of the rind and one-half cup of water in which raisins were soaked. Cut one and one-half tablespoons of butter into bits and strew it over the top. Cover with pastry, wetting the edges and pressing bottom and upper crusts firmly together, and bake in a hot oven 35 to 40 minutes.

## It's A Fact

DIVORCE RINGS NOW  
Jewelers have just designed a special ring for divorced people. It has not yet been decided whether to call it the "divorce ring," or the "ring of disunion." The design consists of a cupid's arrow broken in half. It can be executed in several ways with various stones. Jewelers predict that the new fashion will quickly become popular, divorcing having become so frequent that it is considered there is a need for a distinctive emblem. It has been suggested that there be a special ceremony of exchange of "divorce rings" after the court issues a final decree in such cases.

3 BILLIONS IN NEW HOMES  
Homes for a million American families are now being built at an estimated cost of three billion dollars, which means they will ultimately cost six billions. Another three billions is being invested in new business buildings. A building boom without equal in the history of this or any other country is now under way in the United States.

When kidneys and bowels fail to function normally for any period of time long enough to result in rheumatism, the cause is found in the spinal condition. Due to displacement of spinal bones causing pressure on spinal nerves to liver and kidneys there is weakened functioning, and the poisons gradually accumulate. By chiropractic spinal adjustments the nerve lines are freed and the kidneys and bowels are restored to normal vigor. The poisons gradually clear from the system and health returns. There is nothing that will remove the cause like chiropractic.

WELL IN A WEEK  
"On Sunday night our son, Bobby, was feeling badly. Monday his legs were swollen and he could not walk. We carried him downstairs and called a doctor, who said it was rheumatism. He called another in on the case and both agreed it was rheumatism. This was on Wednesday and on Thursday we called the chiropractor. On Friday the boy could move his feet and on Saturday he ventured out to play with other children. Mr. and Mrs. FRANCIS G. PHILLIPS, Chiropractic Research Bureau, Statement No. 1337N.

## Book Reviews

Keeping up with the rapid growth of the southern section of Glendale the branch library at Los Feliz and South Brand boulevards is adding many new volumes to its variety of books. Among those recently released for distribution are the following:

"Wall Shadows," by Frank Tannenbaum, in which the author makes a study in American prisons. Having been a prison inmate himself he speaks with authority and deals especially with the new method of "prison democracy," which has been successfully employed of late years.

Elbert Hubbard's "Little Journeys to the Homes of Famous People," in four volumes, deals with American authors, eminent painters and great musicians.

"A Christian's Appreciation of Other Faiths," by Rev. Gilbert Reid, shows in a striking way how the basic principles of Christianity are being stressed today rather than an empty creed. While written by an ordained minister in the Presbyterian church it consists of a series of lectures in the conferences of the "World's Great Religions" in the International Institute of China given under the auspices of the Billings Lectureship controlled by the Unitarian Association of Boston. The different faiths of which he shows

an appreciation are Taoism, Buddhism, Islamism, Confucianism and The Jew. He also gives Glendale's resident appreciation of the Church of Rome, a Trinitarian's appreciation of the Unitarian and appreciation of Jesus Christ by skepticism.

"The Mirrors of Downing Street," by "A Gentleman with a Duster."  
"Who's Who in America, 1922-1923."  
"Tramping with a Poet in the Rockies," by Graham.

"14,000 Miles Through the Air," by Sir Ross Smith.  
"Handbook of Municipal Government," by Fassett.  
"The Breaking Point," by Rinehart.

"Lad a Dog" and "Further Adventures of Lad," by Terhune.  
Other new fiction books include "Peter," by Benson, "The Shorn Lamb" by Sampson, "Chita, a Memory of Last Island" by Hearn, "In the Morning of Time" by Roberts, "The Red House Mystery," by Milne, "Abbe Pierre" by Hudson, "Cape Cod Stories" and "Captain Warren's Wards" by Lincoln, "Leerie" by Sawyer, "Self Raised" by Mrs. Southworth, "The Swindler and Other Stories" and "The Top of the World" by Ethel Dell, "The Blue Circle," by Jordan.

WICHITA, Kan.—P. E. Hackett is married to the most devoted wife in Kansas. She simply must always kiss him good night.

Coming all the way from Arkansas City to see her husband, who was in jail, she started phlegmatic policemen by bestowing upon Hackett a kiss, similar to those he has received every night since their marriage two years ago.

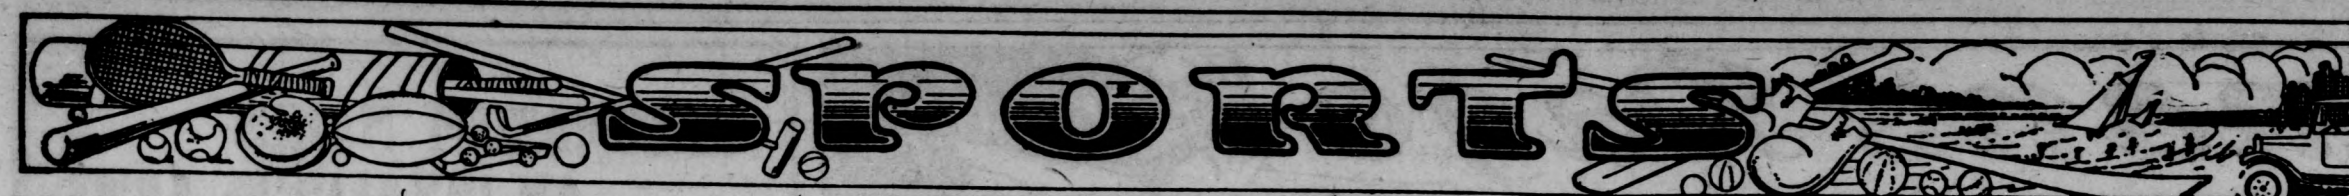

When Mrs. Hackett arrived at the station she said: "I've kissed him good-night every night since we were married, and if I do not kiss him tonight, I will not sleep."

Hackett, district agent for an electrical supply company, had been arrested and charged with embezzlement of collections.

"Well, then, I guess I used diplomacy last night. It was dark when mother came in with the castor oil, and I rolled Johnny into my place, and then when she got to the other side of the bed I rolled him back again."

## LOCALS LOSE GAME TO FAHY-FORDS BY ONE RUN

## CARPENTIER WILL ASK FOR CHANCE TO COME BACK

Too Much Left-Hand Stuff for Glendale; Fans See Some Real Baseball

Those who witnessed the game yesterday afternoon between the Fahy-Fords and Glendale Merchants at the local grounds, Park avenue and San Fernando road, left after the game with the idea that they had just seen a real game of ball.

While the final result showed that the Fahy-Fords won at a score of 5 to 4, the local boys have no excuses to offer. They played well, and the game was one that held the interest of players and spectators until the affair was over.

A four-run rally by the Fahy squad in the eighth inning decided the game in their favor. Throughout the eighth and ninth the excitement was at its height.

**Left-handed Bunch**  
Larson of the Fahy-Fords, being a left-handed pitcher, had the Glendale boys guessing. The reason is because five of the Glendale squad are left-handed also. Lar was said to have had most of them guessing because of the way the ball would break over the plate. Larson pitched all but two innings when he was shifted to first base. Near the end of the game, however, he was put back. He fanned eleven men.

Harris of the Merchants sent fourteen back to the bench. Harris hit good and pitched good. One of the runs is the result of a good play on his part. The other runs were scored by Bell, Cobb, Wilson, each scoring one run.

**In Winter League**  
According to Manager John A. Cobb, the Merchants will play a winter league that is to be formed by the same organization that has staged the summer meets. Many of the members of the local squad believe that the winter league will be a winner, it being declared that the men will be in better shape.

Georges Seeks Revenge for Loss of Fight to Siki; Many Explanations

PARIS, Sept. 25.—Among the postmortems today on the startling knockout of Georges Carpentier, shattered idol of all Europe in the sixth round yesterday by Battling Siki, the Senegalese, is a statement by Francois Desamps in which the manager openly berates his charge for carelessness. In an exclusive interview with the International News Service, Desamps said:

It was Carpentier's own fault he lost. He was showing off before the crowd and tried to play with Siki. He got careless and began trading punches with the black and Siki caught Carpentier with a long left swing and Georges was never himself again. It was Georges' own fault. There was no excuse for it. It won't be Carpentier's last fight, contrary to reports circulated after the bout. He will come back to get revenge on Siki, if for no other reason, I cannot say when the bout will take place, or where, but believe me, it will be soon.

**No Flowers for Him**  
The French press said farewell to Carpentier's career, in varying terms, but all omitted flowers. Le Matin says:

"Carpentier was over-confident and under-trained. His career is over."

Petit Journal was equally unrelenting in its criticism of the de-throned heavyweight champion and idol:

"Carpentier is not retiring from the ring; he is being retired," it said in part.  
The defeated boxer himself has another version of the affair, claiming that the referee was justified in making the original decision which disqualified Siki for an alleged foul, and the judges wrong in subsequently reversing that verdict.

**Says He Was Kicked**  
In an interview, written exclusively for International News Service, Carpentier said:  
"I stand by the referee's decision, disqualifying Siki. I was knocked down by his kick."  
"I admit I was a bit groggy, having made the mistake in the first round of under-estimating Siki. I would have come back strong if Siki had not used his feet."

"I've already had reports from the film taken of the fight and am assured that pictures show kicking plainly. I want a return fight as soon as possible."

**Crowned As King**  
The Senegalese, meantime, is the man of the hour in Paris. Until an early hour this morning, Siki was carried through the boulevards on the shoulders of his newly created admirers, his progress being hailed with cheers by the throngs.

Americans here recall Siki as fighting at Bordeaux and at other A. E. F. camps during the war. They evidently were not very much impressed by his ability at that time for some of them were among the heavy losers on the fight.

When asked about his fight, Siki declared his willingness to meet Jack Dempsey, world's heavyweight champion, in a bout for the title, but expressed a preference for trying conclusions with Harry Wills, the American negro, first.

### Siki Receives Offer to Box Harry Wills

NEW YORK, Sept. 25.—If plans of promoters here materialize, Battling Siki, conqueror of Georges Carpentier, will make his next appearance in an American ring. The news of his six-round knockout of the French idol, was still ringing in the ears when Dave Driscoll, matchmaker for Ebbets field, Brooklyn, had cabled the Senegalese an offer of \$100,000 to meet Harry Wills on Columbus day.

Tex Rickard, impresario of Madison Square garden, the New York velodrome and Boyle's Thirty Acres, also entered the field for Siki's services. Rickard said he would cable an offer to-day and two of his representatives who are sailing for Paris within a day or two will submit his proposal in full upon their arrival. Rickard declined to go into details beyond stating that he would like to promote a bout involving Siki and an American heavyweight. Just whether he had Wills or Dempsey in mind is a matter of conjecture.

In announcing his offer Driscoll explained that he had in mind an early appearance of Siki here because the latter was in fine condition and would need little training after his arrival. Driscoll added, however, that he had advised the Senegalese that he had offered good for a bout on May 30, next, when the outdoor season would be in full swing.

## The Sport Crucible

By Davis J. Walsh  
International News Service Sports Editor

NEW YORK, Sept. 22.—That baseball is inherently honest, a belief to which any sane American will subscribe, is aptly proved by the coarse, rough manner in which the Boston Red Sox have treated the New York Yankees on the ball field this year.

It may be true, as alleged, that a secret understanding exists between the owners of the two clubs; the bond may even smack of syndicate baseball, as the average baseball man outside of New York will insist. But the understanding, if any, is confined to the business office and fortunately not the ball field.

If the latter were true one would expect the Red Sox to fight the Browns and all Yankee rivals to the death and do a gentle, though graceful flop before the Yankees themselves. Instead, the Sox efforts against St. Louis have been nothing short of pitiful, and on the complete season's returns they have beaten the Yankees eleven out of nineteen starts.

The last two Red Sox victories were scored in a double-header September 5 and definitely eased the Yankees out of first place. If there was any understanding

there, it was more or less misunderstood by somebody.

As a matter of fact, the Red Sox fight the Yanks as though the thing was a distinctly personal issue. Players on both teams, most of whom have changed uniforms during the last two or three years, ride each other unmercifully, and only recently it was necessary for Billy Evans to clean both benches of substitutes to preserve some semblance of order.

Former Yanks were prominent in nearly all the eleven victories scored by the Sox. Jack Quinn, the ancient salivary gland, beat his erstwhile mates time after time in the early season, and Alex Ferguson, another Gotham exile, was very effective also.

In the recent double-header in question it was a home run by Del Pratt and the pitching of "Rip" Collins, both ex-Yanks, that won the first game, and another homer by Johnny Mitchell, who figured in the most recent of New York Boston trades, clinched the second.

If one is to judge by surface indications, the Red Sox would prefer to see the Browns, rather than the Yankees, win the pennant.

## SPORTS CHATTER

By BILL UNMACK  
PACIFIC SPORTS SERVICE

The coming world series will be the nineteenth series of modern baseball that has been played under the national commission. The idea of playing the world's series annually was the idea of the late John T. Brush.

In the eighteen previous series that have been played teams of the American league have won eleven times to seven victories by the National league teams. The Boston Americans head the list as the leading winners, the teams from "The Hub of the Universe" having annexed the title, the money and the pennant honors no less than five times. Philadelphia Americans come next with three victories and Chicago Americans two wins, while the Cleveland Americans scored one victory. In the National league, New York and Chicago have each won the series twice, while Pittsburgh, Boston and Cincinnati each have one victory.

That the world series is a "gold mine" both for the participating teams, the players and the national commission is generally known, but there are very few people who realize that since the series were started in 1903, no less than 2,701,555 people have paid a total of \$5,664,165 to witness the various series. Quite naturally each year has served to bring the series more into the public eye, and quite naturally the gate receipts have benefited in proportion.

It is natural, therefore that the series in 1903 was the least prolific in gate receipts while last year's series set a new record for money taken in at the gate. In 1903 the Boston Americans and the Pittsburgh Nationals drew \$50,000, while last year the New York Americans and New York Nationals drew the unheard of amount of \$900,233.

Players have naturally benefited by the increase of interest in the world series. For instance, in 1903, each player of the winning Boston team received \$1,182, while the men of the losing Pittsburgh team received \$1,316. Last year the New York Yankees, winners, each received \$5,265, while the players of the Yankees received \$3,510, both the latter amounts being the largest ever received by individual men of winning or losing teams. The fact that in 1903 the losers received more money than the winners will cause surprise, but it is due to the fact that President Dreyfuss of the Pittsburgh team gave his share of the receipts to the players.

Out of the five million odd dollars taken since the series began, a total of \$2,889,029 has been divided among the various clubs of the leagues. The players taking the total of \$5,664,165 to witness the various series, have naturally each year has served to bring the series more into the public eye, and quite naturally the gate receipts have benefited in proportion.

The Portland club of the Pacific Coast league came within an ace of making good their threat that they would see to it that Vernon supplanted San Francisco at the head of the percentage column. The Portlanders took the series, but the fact that another second division was doing to Vernon just what the Beavers were doing to the Seals, upset the plans. At that, Vernon gained one run on the leaders, so the Seals at the beginning of the present series only had the margin of one game by way of a lead. A comparison of the standings of the teams this year, with the corresponding time in 1921, shows the following:

1922	W.	L.	Pct.
San Francisco	110	62	.640
Vernon	109	63	.634
Los Angeles	99	73	.575
Salt Lake	83	90	.480
Oakland	77	96	.445
Seattle	74	96	.435
Sacramento	66	104	.388
Portland	66	105	.386

1921	W.	L.	Pct.
Los Angeles	99	73	.576
Sacramento	99	74	.573
San Francisco	93	76	.550
Seattle	91	81	.530
Vernon	90	84	.520
Salt Lake	69	100	.409
Portland	46	123	.272

Inasmuch as Vernon and San Francisco will not meet in another series this season, it remains for the result to be ladled out by other teams in the league. San Francisco's last four series are against the following clubs, in the order named: Los Angeles at San Francisco, Sacramento at Sacramento, Los Angeles at Los Angeles and Oakland at San Francisco.

Vernon plays Oakland at Vernon, Seattle at Vernon, Oakland at Oakland and Los Angeles at Los Angeles. Of the two scheduled there is not very much to

## COLLEGES SEARCH FOR YOUNGSTERS TO AD TEAMS

High School Stars Enroll for Big Time Stuff in State Institutions

SAN FRANCISCO, Sept. 25.—In the tentative lineup of high school athletic stars for the next few years by California colleges, Stanford of the University of Southern California would seem to have a slight edge on the University of California, which, during the past three years has held the limelight with its acquisition of "preps." This year's large measure due to "Nibs" Price, assistant football coach at California who was formerly coach at San Diego high school, where he developed the all-star teams the majority of whose members came to California when "Nib" did, and formed a goodly portion of the "wonder teams" turned out by the state institution.

**Great Point Winner**  
However, California will get a great star in Boyden, of Vallejo, who has announced his intention of entering the state institution.

Boyden, a trackman, almost walked off with the interscholastic at Chicago by himself a year ago. He was individual point winner, as it was. Another star who is expected to shine in a Blue and Gold uniform is Bill Blewett, of Manual Arts. Blewett is a real player, and comes from a football family. His two brothers Jimmy and George, were both football players. George was killed following the game between California and the Marines in 1917, breaking a leg. The marrow of the bone got into his blood, causing his death.

On the other hand, the Lawson brothers of Santa Monica, both all round athletes, and especially good football men, have entered Stanford and will be eligible for the varsity this year. They are expected to make great reputations for the Cardinal institution. Eddie Sudden, another Stanford star, who gave great promise, has quit in order to take over family affairs. Charlie Paddock believes Sudden has the greatest possibilities of any sprinter on the track today.

Kerr, the southern California runner who has made such a reputation for himself, will also enter Stanford, as will Gordon White, star fullback of the south. The University of Southern California is reported to have gathered into the fold a number of celebrities from those parts, which makes grid prospects for the next few years very bright.

In track, the southern institution undoubtedly got an ace when Bud Houser of Oxnard, decided to enter. Houser is undoubtedly one of the country's greatest in the weights at present, and his future, if he continues to develop as there is every prospect of his doing, is particularly bright. He and "Tiny" Hantrant, Stanford weight star, will undoubtedly make history in the shot and discus. One of the greatest treats afforded track fans will be to see them in competition, which, however, will hardly be possible in college meets before the spring of 1924.

However, California is not worried. Many of the very greatest of athletes have been men who have not "shown" in high school at all, but who started their development and rise in college. Andy Smith has a great reputation for developing such men. The same is true of "Gloomy Gus" Henderson, and Pop Warner, Stanford's new coach, has a national reputation for developing grid stars. During the last two seasons Dink Templeton, Stanford's track coach, and track and football star of a few years ago, has made a great reputation for himself due to his development of unknown material to fill the gaps in Stanford's cinder path ranks. Walter Christie, of Hanse, is the "daddy" of them all in that respect.

The inevitable was postponed a day or so by Rogers Hornsby and the St. Louis Cardinals, who beat the Giants 10 to 6 with the latter needing only a single victory to hold the National league pennant under tighter than a hangman's rope. Hornsby smote Nos. 41 and 42 of the season.

Still hanging on grimly, the Browns managed to keep within a mathematical perspective of the pennant by disposing of the Athletics, 7 to 4.

After dropping the opening game to the Dodgers, 4 to 2, through the good pitching of Grimes, the Pirates rushed right back to take the second 11 to 3, clubbing four hurlers with neither fear nor favor. The victory kept the Pirates in the class of mathematical possibilities for the pennant.

## SPEED BOYS SIGN FOR CONTEST ON FRESNO TRACK

Fifth Annual Auto Race to Be Held on Saturday; Plans Benefit Game

The fifth annual San Joaquin Valley automobile race, which is to be staged at the Fresno speedway next Saturday, September 30, is to be the biggest affair in the history of the valley fair, according to an announcement made yesterday by H. E. Patterson, manager of the speedway. The purse to be distributed between the winning pilots will aggregate a total of \$16,000. Points in the national championship for 1922 will also be awarded the drivers.

Roscoe Sables, the Los Angeles driver who was recently killed in an accident in the Kansas City race, was one of the entries in the Fresno event. The drivers who will compete for the prizes are as follows: Tommy Milton, Eddie Hearne, Frank Elliott, Sterling Price, Ralph Milford, Cliff Duran, Benny Hill, Jimmy Murphy, Harry Hartz and Jerry Wondrich.

**Plans Benefit Game**  
Carl Sawyer, Vernon second baseman, is arranging for the formation of a squad of major and coast leaguers to appear in a game with the Tigers on October 17, the proceeds of which are to be given to the relatives of the Arizonaut miners who lost their lives in the recent fire disaster. A number of special events are also being planned for the day, including several track and field events, stunts to be put on by well known movie stars and other features.

**Sacco and Lavigne**  
Jimmy Sacco, the 140-pound package of "Boston dynamite" who appeared in last week's main event at the Hollywood American Legion's fight card against George Lavigne, has been signed for a match with Eddie Shannon, L. A. lightweight headliner for one of the two feature events on next Friday night's card. Charley Sullivan will be pitted against a worthy opponent for the other half of the twin bill.

**O'Hara and Seaman**  
Teddy O'Hara and Solly Seaman, well known lightweight drawing cards, will appear in the main event of Tuesday night's Vernon fight card. Young George and "Gat" Lavine will furnish excitement for the semi-windup. The other bouts which have been arranged by Matchmaker Wad Wadhams are as follows: Johnny Jordan and Johnny Trambatis, Soldier and Sunny Jim, Sailor Constantine and George West, Jack Morton and Bobby Gray Robert Moran and George Zaro.

### Leaders Now Dash Into Final Stretch

NEW YORK, Sept. 25.—Going into the last week of the pennant races of the National and American leagues, the Giants and Yanks find themselves a tie even if they lose their remaining games while the Pirates and Browns are winning the rest of their contests.

The Giants can clinch the pennant today if they defeat the Cardinals. If they fail today they have another chance tomorrow against the same team. If they fail again, they have a double chance when they meet the Phillies in two games on Wednesday.

In the American league the Yanks cannot clinch their right to participate in the big series until next Thursday when they open a three-game series against the Red Sox.

In the meantime, the contending Pirates and Browns will be idle for the first few days of the week. The Pirates do not engage in another game until Saturday. The Browns play their final three-game series with the White Sox starting next Friday.

The Giants have eight more games to play. If the Giants win but one game while the Pirates are winning their three contests the final standing will be:

	Won	Lost	Pct.
New York	89	65	.578
Pittsburgh	88	66	.571

If the Yanks win only one game of their remaining four games while the Browns are winning their three games the standing will be:

	Won	Lost	Pct.
New York	94	60	.610
St. Louis	93	61	.604

Oliver Clark of 346 North Louise street returned Saturday from a week's business trip to Santa Rosa.

Mr. and Mrs. R. C. Horner of 432 West Broadway left Saturday afternoon for the northern part of the state to be gone a week.

Miss Alice Foulke, assistant supervisor of physical training in the city schools, left Friday for San Luis Obispo, to attend the funeral services of a college friend.

Miss Mabel Taylor of 518 East Harvard street entertained at dinner guests last night, Mrs. Alice Anderson of 1125 East California avenue and Mr. and Mrs. Charles Weisgerber of Los Angeles.

Henry Kuhns of the E. W. Clizek Autoelectric company, Colorado and Brand boulevard, left last week for Detroit. He expects to motor back in company with his wife's father and family.

Mr. and Mrs. Alfred Eley of Brand's estate have recently become the owners of a new Overland and with their family motored to Lomita yesterday, where they were guests of relatives.

Miss Marjorie Imler, daughter of Mrs. Adelaide H. Imler of 336 West Park avenue, returned to Fillmore last night after having spent the week-end in Glendale. Miss Imler, who graduated last June from the University of California, is a member of the faculty at the Fillmore Junior High school.

Elizabeth Pomeroy, eldest daughter of Mrs. and Mrs. F. W. Pomeroy of Brand's estate, who is attending school at Burbank, is at present stopping with her relatives, Mr. and Mrs. Hugh Gibson at their ranch home near Burbank. Esta Adele Pomeroy, the youngest daughter, has just celebrated her fourth birthday.

Thomas Stout of 421 West Palmer avenue, who attended night school at a Los Angeles high school, came out of his classes last Friday night to find his Ford car stripped of all lighting apparatus. There is no clue as to the thieves and Mr. Stout is not sure whether the loss will be covered by insurance or not.

Mrs. Hattie E. Gaylord of 1218 East Stanley avenue returned last week from several days' visit in Redondo Beach, where she was the guest of her aunt, Mrs. R. M. Campbell. The week previous she was a visitor at the Long Beach home of Prof. and Mrs. George Howes. Prof. and Mrs. Howes formerly lived in Glendale.

Cornelius Sunkes of 331 Cameron Place, who has been engaged in completing the carpenter work on the new house that is being built for L. C. Brand at his summer home near Mono lake, returned home the latter part of last week. He was accompanied by Mrs. Sunkes and their sons, David and Robert. They report a delightful summer in the mountains.

L. C. Brand, who has been spending several weeks at his summer home in the mountains near Lake Mono, has returned home a little earlier than he expected. F. W. Pomeroy, who was left in charge, will motor down the first of the week and the Lodge will be closed for the season. The new stone house that has been under construction at the camp during the last few weeks will not be entirely completed until next season.

## CHURCH DEBT IS PAID NOW, REPORT

First Methodist Reporting Prosperous Year; Give Early History

From a congregation of thirty-four charter members, organized October 11, 1903, in the I. O. O. F. hall by Rev. John Stafford, D. D., the first district superintendent of the Pasadena district of the Southern California conference, the First Methodist church of Glendale now stands at the close of its conference year with a membership of 1100 persons, composing one of the strongest links in the chain of California Methodist churches.

The conference year, which closed yesterday, has been featured by the liquidation of all the church debts and has been one of the most prosperous years in the church history.

Had Six Pastors  
During the nineteen years of its history the church has had six pastors: Rev. C. R. Norton, the first pastor, who is pastor emeritus of the church and who makes his home at 801 East Wilson avenue, served from October, 1903, to October, 1907; Rev. N. J. Burton, who served from October, 1907, to October, 1908; Rev. J. F. Humphrey, who served from October, 1908, to October, 1913; Rev. B. Dudley Snudden, who served from October, 1913, until October 1915; Rev. E. Charles Scott, who served one year beginning in October, 1915; Rev. Charles Scott, who served one year beginning in October, 1915; Rev. Charles Scott, who served one year beginning in October, 1915.

During the pastorate of Rev. Norton the church membership increased to fifty-eight at the end of the first year, and it was by his efforts that the first church building was built at the cost of \$8000, at the northwest corner of third street (Wilson avenue) and Dayton court, on property purchased and raised by voluntary subscriptions.

Membership Increases  
By 1913 the church membership had increased to 375, and in that year Rev. B. E. Johnson was appointed pastor.

Of the next ten years' growth of the church, the anniversary number of the Evening News for 1914 says, "During these ten years the Sunday school has grown from the small beginning to nearly 500, and the church from thirty-four to almost 450 members."

"To accommodate this growth, additions have had to be built, and two bungalows, located on the rear of the lot, and this has proven so inadequate that a new site for a church building at the corner of Third (Wilson avenue) and Kenwood streets has been purchased, upon which a new church is to be erected, plans for which are now being considered."

Church Building Cost  
"This new building is to cost not less than \$25,000 and when ultimately completed will cost something over \$40,000. It is not the purpose at the present to exceed an expenditure of over \$25,000."

Appropos of this quotation, it might be said that during the pastorate of Rev. B. D. Snudden, the church was built at a cost of \$50,000, the building being of such construction that were it built today it would cost \$100,000.

With the clearing of the church indebtedness during the past year, plans have been made possible for necessary improvements and for installing seats in the gallery.

## YOUNG FOLKS AT CHURCH SERVICE

Dr. Winnard Gives Message to Them Sunday Night; Hold Fall Rally

The service at the Tropic Presbyterian church last night was especially in the interests of the young people, who were holding their fall rally service. Dr. J. F. Winnard chose for his text Luke 2:49, "I must be about my Father's business."

"Here we have a boy of twelve years who knows his business," remarked Dr. Winnard. "And he knows his Father's business. And he knows his Father's business is his business. And he sets himself about the doing of it. We like to see a man who knows his business and attends to it. It inspires confidence in a doctor, a mechanic, a preacher, when you know they know what they are about."

"What many young people lack in these days is definiteness. For answer you need only to ask the ordinary high school pupil of today to find that the great majority of them have really no definite idea as to why they are in school or for what they are fitting their lives. So, also, many have a vague idea about religion. Now, Jesus Christ in his service as a being of reverence, obedience and worship. The Christian religion is not some scheme of ethics or morals that we must think out for ourselves but a divine plan laid out for human life by an all-wise mind. It is a plan we do not need to make up for ourselves but must change our lives to meet the requirements of the plan."

Words Weigh Ton  
"Every word of the text weighs a ton. And an appreciation of its importance marks the difference between a luke-warm, half-hearted pretense at Christian service and the real service which is no less than life itself. 'Woe is me' if I be not about my Father's business. And woe be to the other man as well whose helper I am supposed to be."

Good intentions for future usefulness are not enough, but a present giving of ourselves and our best to the Master. In these present days we should render to Him the best service we may, trusting that he will back our best with His almighty power.

"The Christian Endeavor motto is suggestive in relation to our text. But I believe a change of a single word will make it even more so. Instead of 'For Christ and the Church' let 'For Christ through the Church' be the motto that shall direct our efforts in the months that are before us."

## Laura S. Chudley Weds Ray Pearson

Miss Laura S. Chudley, daughter of Mr. and Mrs. John Chudley of 907 East Elk avenue, on Saturday afternoon, September 23, 1922, became the bride of Ray H. Pearson of Arrowhead Lake, the marriage taking place at the First Methodist church of this city. The ceremony was performed by Rev. C. M. Crist, pastor of the church, with Mrs. H. Randall at the organ.

Mrs. F. J. Templeton, sister of the bride, delighted the audience with the following beautifully appropriate selections: "Oh, Perfect Love," by H. T. Burleigh, and "A Song of Thanksgiving," by Francis Allitson.

The bride approached the altar on the arm of her father, who gave her away, preceded by her maid of honor and six bridesmaids. The maid of honor was Miss H. A. Camp, while the following girls acted as bridesmaids: Misses Edna Kirke, Bess Allen, Helen Tobey, Rae Mathews, Kathryn Flanagan and Anne Freer. Andrew Cooper of Los Angeles was best man.

The bride's dress was an exquisitely trimmed affair of shell pink chiffon draped over champagne with a wide band of silver brocade lace and trimmed with silver leaves. Her veil was of cream net, uniquely arranged with pearls and orange blossoms. Pale pink roses and lilies of the valley formed her bouquet.

Miss Hazel A. Camp, the maid of honor, was attractively attired in a creation of salmon pink Georgette, trimmed with gold metallic ribbon, and purple and orchid flowers. Her bouquet was pink rosebuds wrapped in lavender chiffon. The bridesmaids wore dresses of pastel shades.

Following the ceremony the bride and groom, accompanied by the guests, motored to the home of Mrs. R. Miller of 911 East Lomita avenue, where an informal reception was conducted. Here the guests were shown the many beautiful gifts which were presented to the newlyweds, completely filling an entire room.

Following the reception the bride and groom left on a two-weeks' automobile tour throughout Southern California. Upon their return Mr. and Mrs. Pearson will make their home at Arrowhead Lake.

The church was elaborately decorated for the affair by the J. O. C. class of the Sunday school of the First Methodist church, superintended by Mrs. C. M. Crist. The color scheme was carried out in pink and white.

## Central Christian School Big Feature

The old conundrum, "When is a school not a school?" cannot be answered as of old, "When it's a Sunday school." The Central Christian Sunday school, corner Colorado and Louise streets, is already one of the most up-to-date schools in Southern California and which claims for itself that it has classes for all ages above 3 years and trained teachers for every class, added yesterday another feature to its work.

This school is in reality seven schools, for each separate department is an entity and meets separately for all purposes. A general assembly of the whole school is held on the last Sunday of each quarter. Yesterday nearly 400 assembled in the social hall and witnessed besides the regular program the dramatization of the Book of Nehemiah, which covers the uniform lessons for the last three months. Mrs. Bertha J. MacKay, superintendent of dramatics, was in charge of the presentation. The part of Nehemiah was carried out by H. E. Cox; Artaxerxes, the Persian king, was represented by Kenneth Greenlaw. Ezra, the scribe, was taken by Frank Lathrop. About a dozen other characters were represented by members of the Intermediate department, which gave the sketch.

Election of officers was held yesterday for the entire schools. All teachers and assistants are appointive officers. Floyd Mercer, 319 N. Jackson, is the superintendent. His assistants are as follows: Intermediate, superintendent, Mrs. H. T. Stevens; Junior, Mrs. C. A. Cole; primary, Miss Laura Wilford Brown; beginners, Mrs. Jessie Marple; cradle roll, Mrs. C. M. Crum; young people, Carroll Thompson; Missionary, Mrs. E. H. Learned; music, Edgar Lloyd Smith; dramatization, Mrs. Bertha J. MacKay. Other general officers: Secretary, Mrs. R. P. Jodon; financial secretary, Alton A. Smith; treasurer, O. L. Kilborn; enrolling secretary, Miss Florence Stevens; librarian, F. B. Mattice.

## Glendale Personals

Mr. and Mrs. C. M. Harrison and children of Detroit, Mich., and Miss Irene Teetzel of Chicago, Ill., have just arrived in Glendale from a motor trip from their homes to California. They are guests of Mr. Harrison's uncle, A. J. Harrison of 115 West Chestnut street.

The members of Chapter L. P. E. O., will hold their first meeting of the season at 2 o'clock Wednesday afternoon at the home of Mrs. Seymour Smith, 416 West Wilson avenue. At that time donations of canned fruit, groceries or clothing will be received for the Glendale Welfare Bureau and Council. The members have been asked to bring needles and thimbles.

Mr. and Mrs. Warren Roberts of 617 East Elk avenue entertained with a party at their home last Saturday for the members of the claim department of a large wholesale drug company in Los Angeles with which Mr. Roberts is connected. Decorations of carnations and asters were used. Bunko and an interesting program of music and readings provided diversion for the evening, after which refreshments were served. The guests were all from Los Angeles.

## Julius Kranz Here Again; to Open Studio

Of particular interest to the music circles of Glendale and Southern California is the announcement of the return of Julius Kranz, violinist and composer, after an absence of several years. He attended Glendale Union high school and is also an honorary member of the Tuesday Afternoon club and is being welcomed by his many friends.

Mr. Kranz has been residing in San Francisco, where he was engaged in concert, orchestra work and teaching. During his stay there he played with some of the leading conductors of San Francisco and was also a member of the string quartet of Arnold Krauss. As a violin instructor Mr. Kranz has been most successful and plans to teach this season both at his local studio, 115 West Eulalia street, and in Los Angeles, where he will include classes in ensemble playing in his work.

In musical composition Mr. Kranz has done considerable of late. Some time ago the Matinee Musical Club of Los Angeles awarded him the prize for a part song which he wrote. Madame Schumann-Heink has used his songs and his work has been very highly praised by Charles Wakefield Cadman. Two of Mr. Kranz's latest songs are now being published in the east. During the coming season he plans to present programs entirely of his own compositions, including vocal and instrumental numbers.

# Octopus Timid and Harmless, Is News

PARIS—"The octopus not only is not dangerous, but it is a very timid creature," declares Professor Joubin, director of the French technical bureau of fisheries, in a statement to La Liberte. An unusual number of members of the octopus family has come up on the French shore of the English Channel recently, and bathers have been afraid to go into the water.  
"The adventure which Victor Hugo describes, which is the classic story of the octopus, has never existed except in the boundless imagination of the author," declares the professor. "The bathers on the Brittany coast have nothing to fear from the octopus invasion."

# LIMA BEAN CROP BEING SENT OUT AT VAN NUYS

Price of Over 6 Cents Said to Have Been Paid Growers; Community Notes

Lima beans of this season's crop are being shipped from Van Nuys, it is announced.  
The first carload of baby lima beans left September 15 from the warehouse of the Fernando Valley Feed & Fuel company of Van Nuys.

The cars contained 600 sacks of the beans which were grown in Mission Acres. They were consigned to an eastern point. A price of over 6 cents is said to have been paid the growers.  
It is expected that about 250 cars will be shipped from the valley, before the entire crop is finally moved.

**Building in Van Nuys**  
Van Nuys is keeping up its splendid growth, and for the month of August it holds a creditable position among the older established cities, it is announced.  
According to the record, 558,659 is the August building figure.

**New Settler Killed**  
Wilson N. Winter, son-in-law of W. S. Teter, was killed recently in a factory in Los Angeles in which he was working.  
Mr. and Mrs. Winter moved to Van Nuys the latter part of August, having come overland from Wellsville, Kan. He leaves a wife and baby.

**Van Nuys Women's Club**  
The year book, on which the Van Nuys Women's club has been working for some time is expected to be ready for distribution some time in the near future. The opening meeting of the club is to be held on Wednesday, September 27, and it is probable that the book will be distributed at that time.

An attractive program has been arranged for the opening. Mrs. E. H. Hughes is chairman of the program committee.

**Favor Wright Bill**  
The women of Van Nuys are behind the Wright bill, and have held meetings to discuss the best means to secure its adoption at the fall election.  
The bill is known as No. 2 on the ballot.

The bill has also secured the support of members of the various churches, many of whom are also making an active campaign for its adoption, it is said.

# PIPE ORGANS ARE NOW BEING BUILT IN VAN NUYS

Hundred Workmen Employed at Plant; McClary Leaving C. of C.

Van Nuys has a factory that is somewhat different than those found in most industrial centers. The factory at Van Nuys is that of the Robert-Morton pipe organ factory on Sherman Way. Over a hundred skilled workmen are said to be employed in building theatre and church organs.

These organs are said to go to all parts of the world.  
It is announced that the plant has been kept running to its full capacity in the past, and it is likely that further expansion at the plant will be made in the near future.

**Chamber Secretary Resigns**  
U. E. McClary, secretary of the Van Nuys Chamber of Commerce, has resigned his position with that organization to accept a position as director of publicity in the sales department of G. A. Huffaker. Van Nuys dealer in Ford products.

For the time being Mr. McClary will continue his duties with the chamber, but on October 11 will commence his new duties.

**Briggs and Co., of Van Nuys, recently presented Bert Stokes of Calabasas with a 30-30 Winchester rifle, as a result of his bringing in a fine two-point buck the first day that deer season opened.**

It is reported that a large number of hunters have been out in the Santa Monica mountains.

**PARIS Children to Study About Theatre**  
PARIS—Going to school will be going to theatre at least part of the time for the children of France.

# 'MAN WENT AWAY FROM GOD,' WORD

His Communication to Lost World, Is Subject at First Methodist

"God's Communication to a Lost World" was the subject of the sermon yesterday morning at the First Methodist church. "Once man knew God close up in the Garden of Eden," remarked Dr. C. M. Crist, "but one man went away from God. He left home and went into the far country of sin. Further and further away he went until he forgot his mother-tongue. He could not speak to God, and he could not understand God when he spoke to him. Jesus came to teach again the language of God. The word became flesh and dwelt amongst us." This was God's communication to a lost world.

"Jesus was God, letting man see His face, listen to His voice and feel the power of His presence. God was in Jesus, spelling himself out in a language that could be understood by man.

**Spelled Out Truths**  
"Jesus spelled out the big truths of the gospel. Each word of truth was traced in dripping red which spelled sacrifice. Jesus came as God's son to lead the way back, but it meant the garden and calvary. The heavy cross and the piercing crown were necessary that we might have the crown of glory.

"Gethsemane gives to the world the picture of the breaking heart of Jesus. He trod the wine press alone and of the people there were none with him.  
"Calvary shows to a sinful world the tragedy of the ages! Jesus the Son of God nailed to the cross! Such unspeakable sacrifice should break the world's heart.

"But not only did Jesus spell out love and sacrifice on the Divine side, He spelled it out on the plane of the human. He has not only taught us the way to heaven but he has taught us to begin our heavenly experience here. 'If one loved you ye should love one another.'

"Neighborliness is one of the big words, taught by Jesus Christ to a discordant world. The church should go everywhere teaching the parable of the good samaritan. Brotherhood and neighborliness will only find their place in the experience of men as men come to know Jesus Christ.

"Another word written in capitals by Jesus was the word power. Christ met this stubborn sin-cursed world and overcame it by a divine power. He said to His disciples, 'All power is given unto me in heaven and in earth.' He also said, 'Ye shall receive power after that the Holy Ghost is come upon you.' With sacrifice, love and power the church of Jesus Christ goes forth to win the world."

**Delightful Creations**  
Perpetuating the popularity of the black lace and gossamer dinner gown, one of the new creations of the new collection is a pleasing dinner dress done in black silk lace with long, broad, artistic sleeves and skirt drapes of filmy georgette.

They are all delightful creations and Mr. Hatz has invited Glendale women to enjoy the hospitality of his store and get a glimpse of what Peggy Paige is wearing in New York for the early fall.

## SHOWERS NEEDED TO HELP PEOPLE

Rev. Edmonds Preaches at the Presbyterian Church Sunday Morning

Rev. W. E. Edmonds preached Sunday morning at the Presbyterian church upon "Showers of Blessing," from the passage Is. 44:3-5, which begins with the words, "I will pour water upon him that is thirsty."

"Wherever we read of water, floods, we recognized the type of the Holy Spirit. There are wonderful word-pictures in these verses.

"Look first at the dry field. Travelers coming down our state gaze at stretches of barrenness, for months without rain. But we say, 'Just wait till the showers come.' And the dusty towns, and the trees and the roads—we say, 'Wait; the showers will wash all. Then the flowers and all lovely verdure appear, just because the showers have come.

"So the prophet says. Look out upon the people seeking for the things of the world, the barren, sinful world. Can anything be done for such? 'Wait for the showers!' Some folks think they have something to help, in education and organization—'We are living in a wonderful age of improvement and progress.' Yet you know the truth is, all this does not bring one soul any nearer to God.

Church Organization

"There has never been a time when the church was so utterly organized and developed as today. Experts are saying, 'Now you watch this wonderful machine.' Yet, the Literary Digest tells us that in this country there are 27 million children not enrolled in any Sunday school, and two out of three are receiving no religious education whatever, and the paper inquires, 'How long can a nation endure thus?'

"Children are being taught modern education, but it is all top and no root, to try to educate the head and leave the heart un-

## SLOGAN IS CHOSEN BY RALPH ALLAN

Everyone Should Have One, Is Declaration From the T. D. L. Manager

"Everybody should adopt a slogan," says Ralph Allan of the T. D. & L. theatre, who has adopted as the T. D. & L. slogan, "You're one of the 10,000."

If you're a T. D. & L. patron Mr. Allan has complimented you for he received his inspiration for his slogan from the 10,000 Glendaleans who attended his theatre each week.

Mr. Allan is one of the liveliest boosters Glendale has and it is through his boosting that he has built up the T. D. & L. patronage to 10,000 weekly.

"Everybody should boost," says Mr. Allan, "and get a slogan befitting your interest. It's up to you, the merchants of Glendale. Get busy and holler from the house tops or shop tops. Put Glendale on the map even in bigger type, yes, in capital letters."

LOSE THEIR TONSILS  
Tonsillectomies were performed this morning at the Glendale Research Hospital upon Jack Stone, son of H. D. Stone of 700 East Lomita avenue; and Manly Warren, son of E. B. Warren of 504 Salem street.

changed. Out of the unregenerate heart comes wrong life. You can't bring a changed life out of an unchanged heart.

"The prophet brings a great message, 'I will pour water upon him that is thirsty'—that wants; this message is only to him that desires.

"Jesus did not go to the cross for a few drops but a flood. Oh that God would send his flood-tide, sweeping away wrong and waking the world!"

## Father O'Neill Receives Many Congratulations

### SMALL BEGINNING AND HARD WORK OFFER PROBLEM

Congregation Starts In Hall Under Guidance of Priest Who Still Directs

Dedicatory services yesterday afternoon at the Holy Family Catholic church at the corner of Elk and Louise streets, recalls to the minds of long-time residents of Glendale the organization of the local Catholic parish in 1907 and of its growth with the city.

It is interesting to note that Rev. James S. O'Neill, the present parish priest, organized the church. He was appointed to Glendale in 1907 by Bishop Conaty and came here, visited the Catholic families and organized a congregation.

At that time there were but 2,000 or so people in Glendale and the building of a church building was a big undertaking for a limited congregation. So, for nine months after organization, Catholic church services were held under the stars and stripes in the G. A. R. hall.

Donates Ground  
Then Mrs. Emmeline Childs of Los Angeles donated an acre of ground from the Childs tract on Lomita avenue near Adams street, and in September, 1908, the first Catholic church in Glendale was dedicated, with Bishop Conaty as the officiant.

An account from The Evening News' anniversary number in 1914 says:

"The present building of the Holy Family church is only a temporary structure. Arrangements are being made for a new and larger building and the absence of Bishop Conaty in Rome is the only thing that is delaying the erection of this structure."

The present modern church building at Elk and Louise streets has been in use about a year and its dedication today marks an outstanding epoch in the history of the local parish.

Pastor Beloved  
In addition to his work in Glendale, Father O'Neill dedicated a twin church at Burbank and served as head of both charges for three years.

Results of his devoted services may best be measured by the growth of his parish, the building of the present splendid church building and parish house and by the high esteem in which he is held by Glendale people.

### Mrs. Roberta Young Hostess at Shower

Mrs. Roberta Young of 469 Oak street entertained with a shower and musicale at her home Saturday afternoon in honor of Miss Bertha Sayre, who is to be married this week to Lieut. L. T. Young, U. S. N., son of Mrs. Roberta Young. Decorations of red, white and blue flowers were used. This color scheme was also carried out in the refreshments, which included punch, wafers and white ice cream through the center of which was a blue star.

During the afternoon vocal numbers were given by Mrs. Ruth Olshausen, Mrs. Gretta Cordary and Miss Helen Sayre. A memory contest of poems provided a great deal of amusement. The cards used in this were also decorated in the national colors.

A very novel idea was carried out in the presentation of the gifts to Miss Sayre in a miniature battleship called the "U. S. S. Love." The guests included Miss Bertha Sayre, Mrs. Virginia Freeman, Mrs. Thomas Gresham, Mrs. Fred Maynard, Mrs. Ruth Olshausen, Mrs. Gretta Cordary, Misses Clara, Helen and Violet Sayre and the hostess, Lieutenant Young was also present.

Making the most of what you get is much better than depending for happiness on what you think you are going to get.

loma," accompanied by the orchestra; Mrs. Harry Girard, who sang a new song, entitled "So-tu-San," composed by her husband and accompanied by a saxophone obligato by William G. Bode. Mrs. Girard and Mr. Herwig sang "La Miserere" from Il Trovatore.

John Steven McGroarty, author of "The Mission Play," was the toastmaster. His remarks, which tingled with wit, kept those present in an excellent humor. Several of the stories told by him caused considerable laughter.

Ovation to Father O'Neill

"The building of the church which was dedicated this afternoon means a great deal to this community," remarked Bishop Cantwell, who presided at the ceremony. He emphasized the importance of churches in our civilization and paid public tribute to Protestants and Catholics who have made possible the construction of the Holy Family Catholic church. He said that he felt sure no one would object to special reference to the part Mr. and Mrs. Harry Girard have had in the activities of the parish. He also complimented the pastorate of Father James S. O'Neill.

"The Church as a Stabilizing Influence on Society" was the subject of speeches made by Judge Paul J. McCormick and Joseph Scott.

An ovation was given to Father O'Neill, who remarked: "This is the happiest day of my life except one—the day of my ordination. If I were to stand here for fifteen years and try to tell you what in my judgment I wouldn't begin to tell you what I am going to say right now—I thank you one and all."

Present at Banquet

### SOLEMN SERVICES FOR DEDICATION OF NEW CHURCH

Bishop Cantwell and Number of Prominent Priests at Catholic Ceremonies

(Continued)  
he hoped to be able to send the local parish a worthy assistant priest.

The establishment of a parochial school was urged by Bishop Cantwell. He reminded parents of the desirability that their children should be given religious as well as mental and physical training and commented upon the fact that this is impossible under the law in the public school system. He said that the parochial school would be certain to graduate worthy citizens.

A short sermon was preached by Rev. Edward Kirk, pastor of St. Basil's church, Los Angeles.

Credit for City's Growth  
"You the people of Holy Family parish today join with your pastor in giving thanks to God for blessings received," he remarked. "It is right and just that we should at all times give thanks to the Almighty God. After fifteen years of sacrifice and preparation, today this temple of the living God is presented for His service."

Credit for the growth in the size of a church belongs to God, according to Father Kirk. He stated that the expansion of a church could not be measured by any of the standards used to measure real estate, industrial or social development. He asserted that the growth of a church depends exclusively upon the expansion of the spiritual kingdom of Jesus Christ in a community.

The growth of the Holy Family church is typical of the growth of the Holy Catholic church from its inception in the opinion of Father Kirk. He traced briefly its history touching upon the sacrifice of its leaders.

"The church has grown because it has authority, the divine authority of Jesus Christ," he exclaimed.

Truth in Simplicity

"There are many enemies of the church within and without. They come in the darkness of night, insidiously. They take the children in the schools and they teach them doctrines that are scintillating. They rob the children of their simple faith which is their God-given right. They are rarely suspected because when attacked they take defense behind high-sounding names. Be not deceived. The truth is in simplicity. The truth is in the Church of God.

"These very walls, fashioned after the missions of California, speak of the simplicity of our faith. Why do we raise these walls? It is because they remind us of the holy past."

Besides those already mentioned, the following members of the clergy were present:

Father Francis Conaty, pastor of the Chapel of Our Lady, Los Angeles.

Father Henry Welch, president of Loyola college, Los Angeles.

Father George Donahoe of the Sacred Heart church, Los Angeles.

Father John Clifford of St. Bridget's church, Los Angeles.

Father Victor Fallon of the Catholic church at Altadena.

Father Daniel Stack of the Church of the Blessed Sacrament, Hollywood.

Father William Brennan of St. Mary's church, Whittier.

Father D. O. Connell of St. Philip's church, Pasadena.

Father Francis Keess, director of foreign missions for the diocese.

Jesus present from Loyola college were: Father Alphonse Quevedo, Father Thomas Flaherty and Father Joseph Georgan.

REPORT BURGLARIES  
Burglaries were reported last night from the homes of Mrs. Taylor, 1115 North Maryland avenue, and L. M. Meddick, 245 Dayton court. Outside of a few phonograph records and about a hundred pennies, nothing of value was taken so far as known.

## LADY DETECTIVE IN GLENDALE'S FILM STORY

Viola Dana Has Great Role As 'The Matchbreaker,' Also Century Comedy

As a female detective who engages in the novel occupation of rescuing unwary males from designing and unacceptable women, Viola Dana scored again in "The Match Breaker," a Dallas M. Fitzgerald production for Metro which yesterday opened at the Glendale Theatre.

Miss Dana is at her best in such a picture as it gives her every opportunity to exercise to the full that vivacity and characterization for which she is noted. The story itself is away from the beaten path of the usual movie entertainment and is staged in a way to keep the audience in suspense until the last scene.

In the role of Jane Morgan, Miss Dana plays the part of a girl who, successful in stealing other girls' sweethearts, starts in to make that her professional calling. Her first case involves her in untangling the mix-up of a father and son and in unearthing the schemes of the designing females some extremely interesting problems are created.

Miss Dana portrays the character with enthusiasm and understanding. Jack Jerrin, as Thomas Butler, Jr., furnishes a good representation of a lively rich young man while Edward Jobson is the typical, money-encumbered father.

The Century comedy kids in "You and Me," Topics of the Day and other subjects complete the bill.

### Mrs. L. N. Hagood Is Organist at T. D. L.

Mrs. L. N. Hagood of 216 North Orange street, who has been active in musical and club circles of Glendale for a number of years, has accepted the position as first organist at the T. D. & L. theatre and will preside at the Wurlitzer. Mrs. Hagood has had a thorough musical education and in addition to her experience as music teacher she has also served as curator of the music section of the Tuesday Afternoon club. Mrs. Hagood was one of the charter members of the Glendale Music club and its first secretary. She is the composer of the opening musical number for the Tuesday Afternoon club style show.
